Successful rescue of man who was trapped within a grain bin

Ross Township, Ohio May 30th 2019 - The Butler County Emergency Management Agency was requested by the incident commander to respond to the scene of a technical rescue incident of a man trapped within a grain bin. Upon arrival BCEMA representatives were requested to obtain and coordinate additional resources needed for rescue operations.

Thanks to the efforts and coordination of all involved, the victim is alive and well today. Incidents such as this rescue show the value of coordinated and collaborative response. This effort would not have been possible without the dedicated service of our Technical Rescue Team members, local first responders and other community partners.
