

**BUTLER COUNTY COMMISSIONERS PERSONNEL OFFICE
ANNOUNCEMENT OF VACANCY**

Posting Date: 10/24/16

Response Deadline: Until Filled

Agency: Information Services	Job Title: Infrastructure Specialist 3
Classified <input checked="" type="checkbox"/> Unclassified <input type="checkbox"/>	Bargaining Unit Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>
Overtime Exempt Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>	Salary: \$54,579.20-\$80,038.40
Work Location: 315 High Street, Hamilton, OH	Hours of Work: M-F 8:00-5:00

Essential Functions:

(1) Installs, maintains, configures, upgrades and/or administers hardware and/or software independently in assigned single technology domain.

Technology Domain: an assigned area where technical work requires specific knowledge to evaluate, select, adapt & modify standard procedures in the resolution of assigned tasks. Employees devise new approaches to problems encountered. The following are illustrative of a technology domain:

- Workstation support
- Network Administration
- Server Administration
- Business Continuity
- Information Security
- Telecommunications and Network Connectivity
- SAN Administration
- Virtualization

(2) Diagnoses, analyzes and resolves issues for customer(s) in assigned single technology domain. Conducts performance tuning for hardware and/or software. Stays current regarding new technologies, standards and techniques. Responds to “production down” problems on 24 hour basis.

(3) Evaluates and/or researches hardware and/or software solutions and provides feedback to project team or higher level staff. Assists in providing IT consultation and recommendations for implementation, ensuring services are not compromised. Provides technical IT leadership for integration of various related systems.

(4) Demonstrates advanced level working technical knowledge of infrastructure components in the technology domain and receives general direction in order to evaluate effectiveness and risk of IT processes, recommend changes in IT procedures to meet customer needs, and evaluate and/or research hardware and/or software solutions in the technology domain and provide feedback to project team or management.

Required Qualifications:

Completion of high school education or GED plus post-secondary education and/or training in Computer Technology or related field and four years computer networking or network support experience. Preference given to those with advanced experience specific to VMware and Vmware tools (e.g., vSphere web client, vRealize Operations Manager, vShield Manager, Site Recovery Manager); IT principles, methods and practices in VMware with ESXi Host Management; VMware technologies (e.g., vMotion, Storage vMotion, standard virtual switch, distributed virtual switch, DRS rules, DRS groups, VM snapshots, VDI configuration and deployment) OR experience specific to network administration including but not limited to Local Area and Wide Area Network planning and design, maintenance and implementation, analysis and monitoring of network functions, and general network troubleshooting.

Selection Procedure: Resumes and Interviews

BUTLER COUNTY WILL CONSIDER INTERNAL APPLICANTS PRIOR TO EXTERNAL APPLICANTS

Pursuant to the Americans With Disability Act of 1993, Butler County will consider all qualified applicants for employment, including persons with disabilities. The applicant must be able to perform the essential functions of this job with or without reasonable accommodation. Upon the request of any qualified applicant, this office will evaluate any reasonable accommodation that may be needed to enable a disabled person to participate in the application process or perform these essential duties.

AN EQUAL OPPORTUNITY EMPLOYER
