JUVENILE PROBATION DEPARTMENT OVERVIEW

The Butler County Juvenile Probation Department conducts investigations at the direction of the Juvenile Court Judges and presents the findings of the investigations to the Judges. In addition, the Juvenile Probation Department provides supervision for youth involved with the Juvenile Court.

The Balanced Approach Philosophy is the framework that guides the Juvenile Probation Department. This philosophy emphasizes holding youth accountable for their actions, keeping the community safe from the individual and referring youth to resources that increase the youth's ability to be successful in the community. The Butler County Juvenile Probation Department implements this framework by:

1. Enforcing the orders of the court (Accountability) - Probation Officers will recommend sanctions such as restitution to victims, driver license suspensions and community service. When the court orders restitution and/or community service, these orders can be met through the Butler County Juvenile Court Work Program. The Butler County Juvenile Court Work Program consists of Work Program Officers that supervise youth at nonprofit work sites within the community, which allows the youth to fulfill the order of the court and to give back to the community. If the youth owes restitution to a victim, the community service hours worked can be converted to money that goes directly to the victim. The Juvenile Court Law Enforcement Program (JCLE), was created in 2008 to have a contracted Butler County Sheriff's Officer to actively look for court involved youth who had warrants.
2. Referring youth to resources to improve their chances to be successful within the community (Skill Development) - Probation Officers link youth to resources within the community that will address the behaviors that have brought the youth to court. A continuum of substance abuse treatment services, from education to inpatient services, is available for those with substance abuse issues. Other resources, are outpatient counseling, anger management classes, mentoring and Community Wraparound. Community Wraparound is process that works with each family to create a team who can plan and deliver services and supports to families in need.

3. Supervising youth who remain in the community (Public Safety) -If court-involved youth are a risk to the community, the youth must be removed from the community, however if court-involved youth are in the community, the Probation Department must supervise the youth. Probation Officers have face to face contact with the youth at their home and at school. The Probation Department also utilizes House Arrest, Home Incarceration, Electronic Monitoring and Curfew to restrict the juveniles' movement within the community. Probation Officers go to homes in the evening to verify that the youth are complying with the restrictions. Drug screening is also utilized by Probation Officers to monitor court involved youth

The Butler County Juvenile Probation Department has three levels of Supervision; Diversion Supervision, Court Supervision and Probation Supervision.

Diversion Supervision is provided to youth who are referred to the court for the first time for committing minor offenses and are willing to take responsibility for their actions. A Diversion Supervisor, Diversion Officer, and at times, interns from social work fields and other related courses of study, supervise those youth, ensuring that they are held accountable for their actions.

Court Supervision is provided to youth who are found to be delinquent or unruly and are not in need of the structure provided by Probation Supervision. Compliance Probation Officers supervise these youth to ensure that the youth fulfill the orders of the court.

Probation Supervision is provided to youth who are found to be serious, high risk offenders and/or chronic offenders. Field Probation Officers supervise these youth, not only to ensure that they comply with the orders of the court, but also that the youth show improvement in their functioning at home, school and community.

INSTITUTIONAL PLACEMENTS

Whenever a youth commits a felony offense, the Probation Department considers some form of incarceration. Probation will look at the seriousness of the offense, past criminal history and past compliance with probation as factors to determine what form of incarceration to recommend. Most felony youth are recommended for the Juvenile Rehabilitation Center because they receive treatment locally and the parent/guardian participates in that treatment. If the youth is unsuccessful in that program or the juvenile is deemed inappropriate for that setting, the youth is recommended for commitment to the Ohio Department of Youth Services (juvenile prison system). The other option for the most serious offenders is to recommend that the youth be transferred to the adult court. The Probation Department will look at the age of the offender, the seriousness of the offense(s), and the past efforts to address the behavior as factors to determine whether to recommend that the youth be bound over to the adult court.

JUVENILE DETENTION CENTER OVERVIEW

The Butler County Juvenile Detention Center is a 42 bed holding facility for juveniles who have been charged with either an unruly or delinquency offense. Juveniles are admitted to the facility via referral from either a local law enforcement agency or juvenile court if it is determined the youth warrant's secure placement. The facility has a rated capacity of 30 male and 12 female beds. Residents admitted to the facility are separated based on factors such as age, sex, and seriousness of offense. The mission of JDC is to provide short-term care in secure custody for juveniles accused of a crime, awaiting placement, juveniles who have been adjudicated and court action is pending, juveniles who are awaiting transfer to another facility or for those juveniles that cannot be served in an open setting.

In 2011, the population at the detention center again decreased from the previous year's admission totals. The facility received 888 admissions in 2011 compared to 990 during 2010. The average length of stay for residents averaged 16 days, while the average daily population was 43 residents. The facility admitted 161 juveniles for various felony offenses ranging from Aggravated Robbery, Aggravated Burglary, Rape, Robbery, Burglary, Felonious Assault, Gross Sexual Imposition, and Breaking and Entering to lesser felony offenses and another 295 juveniles for misdemeanor offenses.

The facility utilizes the Hamilton City School District to provide educational programming to residents being housed in the facility. The facility employs a Program Coordinator to provide daily programming to residents in the areas of life skills, money management, character education, drug awareness, anger management, and parenting. In addition James Jordan of the Ohio State Extension Office provides additional life skill programming in the areas of fatherhood, driver's education and role modeling to older male residents. The facility utilizes the Butler County Crisis and Consultation Center to address the needs of youth being held in the facility who are in need crisis intervention. Religious services are provided on a voluntary basis to all residents by a variety of volunteer representatives from local community churches.

JUVENILE REHABILITATION CENTER OVERVIEW

The Butler County Juvenile Rehabilitation Center (BCJRC) is a 30 bed secure facility housing male felony offenders from southwestern Ohio. Built as the first juvenile Community Correctional Facility (CCF) in Ohio, the facility was created to house offenders in a secure setting, while providing programming designed to help youth become productive citizens.

Youth incarcerated in the facility are provided a variety of programs, both individual and group, designed to meet their unique needs. Programming includes cognitive behavioral interventions and motivating and teaching residents how to make important life changes. Specialized programs such as sex offender and substance abuse treatment are also provided for identified youth. While incarcerated, parents of our residents are involved in Parent Education groups and ongoing family sessions. These services have been created to aid in the transition of youth back to their home community.

While the main focus of the facility is to change the criminal thinking and behavior of our residents, academic improvement is also targeted. Intake testing and educational history allow facility teachers to provide an individualized instruction plan (IIP) for each resident. Residents coming to the facility with an individual education plan (IEP) shall work closely with a special educator to meet their unique educational needs. Comprehensive assessment coupled with targeted instruction has resulted in significant academic improvement for many of our residents.

Changes / enhancements in Education Program Delivery Model from Hamilton City School, District is as follows at BCJRC:

- Move to year-round school calendar.
- Move to computer-lab learning system - Pace Accelerated Learning Lab (ALL) software, with integrated, compatible print materials for students needing extra teacher assistance.
- Pace ALL is comprised of the content areas:
 - Reading/Language Arts
 - Writing (print only)
 - Mathematics
 - Social Studies
 - Science
- This program can be used for remediation, credit recovery, and GED preparation.
- The Pace ALL is a structured, individualized program that is software driven rather than web-based to maintain security within the correctional environment.

- After completing an online placement assessment, students will work within assigned content areas to meet individualized needs.
- Highly qualified content certificated teachers will direct student learning in the content classrooms.
- A Special Education Intervention Specialist is available to provide additional intervention and accommodations.
- Students assessed at higher achieving levels and up to date with credits may participate in independent study of higher level courses.
- Course assignment will first address credit deficiencies or core classes needed to graduate.
- Incorporate Hamilton City School District's Character Education Focus into the curriculum.
- Adoption of an Advisor/Advisee model, with students paired with teachers for progress monitoring.

In closing, the good work of this facility would not be possible if it were not for the involvement of our community partners. Organizations which deserve special thanks are the Hamilton Christian Center, Catholic Charities, Miami University, along with the volunteers and mentors who have reached out to our residents. Finally, special recognition should be given to our staff who tirelessly work with our youth, helping them help themselves.

JUVENILE TRAFFIC OVERVIEW

In 2011, the number of traffic citations issued to juveniles continued to decline. The possible cause or causes of this trend are, perhaps, unknowable. We are certain, however, that several factors have played a role in this ongoing decline. As a nation, we have continued to struggle with the effects of a depressed economic environment. The statistics from the Federal Highway Commission show that a precipitous drop in vehicle miles driven in the United States occurred between 2006 and 2007. To date, that statistic has remained depressed. When there fewer automobiles on the road fewer accidents and offenses occur. The depressed economy has also made it difficult for young adults to find employment. Historically, many juvenile traffic offenses occur when minors are trying to make their way from school to work or after they have had a long day of work and school. Finally, we are, perhaps, reaping the benefits of the increased media, legal, and parental attention which has been brought to bear upon the issue of teen driving safety over the past few years. Whatever the reason for the decline, this court has continued its policies regarding suspensions of licenses for many juvenile offenders.

The statistic noted in last year's report that indicated a slight increase in OVI (Operation of a Vehicle while Intoxicated) citations did not continue into 2011. Fortunately, the previous trend showing a decline in these offenses continued with a more than 50% decrease from 2010 to 2011. We hope that the trend will continue moving downward.

This court continues to utilize the services of the Hamilton Safety Council, The Middletown Safety Council, Horizon Recovery Services, and CarTeens in an effort to educate, evaluate, and, when needed, provide treatment services for teen drivers who commit offenses. Those community partners provide excellent services to this court and to the families of this county

SUPPORT SERVICES OVERVIEW

The Support Services Unit is comprised of a team of case managers who provide critical coordination of information and services to the court system, the public, the legal community, law enforcements agencies, volunteer agencies, as well as social service agencies within and outside of Butler County. The array of cases handled by the case managers include abuse, neglect, and dependency actions, adult criminal actions, custody/visitation actions, and child support matters.

A total of 545 cases involving 1,063 allegations of abuse (227), neglect (297), and dependency (539) were filed by Butler County Children Services and private citizens in 2011. Additionally, 77 motions for permanent custody were filed during the year.

A total of 501 cases comprised of 578 adult criminal offenses were filed by police departments, truant officers, or private citizens in 2011. Of those, 307 were parents charged with Failure to Send A Child to School and 205 were parents charged with Contributing to the Delinquency or Unruliness of a Minor. In 2000, a specialized truancy docket was created to focus on school truancy issues. Parents or custodians may be fined up to \$1,000.00 or sentenced to six months in the Butler County Jail if found guilty of this criminal offense.

The Support Services Unit also facilitates the Family Drug Court Program (FDCP). The mission of the Butler County Juvenile Court-Family Drug Court is to expedite the reunification of children with their parent(s) in abuse, neglect, and dependency case whereupon parent(s) have identified drug and/or alcohol dependency problems and have complied with court orders, or to expedite permanency in the children's cases whereupon the parent(s) refuse to comply with court orders.

The Family Drug Court Program is a voluntary program that offers a new opportunity to parents who are involved with Juvenile Court because the Children's Service Agency has filed a complaint of abuse, neglect, or dependency. The FDCP provides parents with a more intensive focus on treatment and monitoring. The parents are provided immediate access to needed services as well as interaction with a Judicial Hearing Officer and a team of professionals. The parents attend weekly, bi-weekly, or monthly court hearings and compliance, or non-compliance is reviewed by the Team and immediate incentives and sanctions are given. When parents are successful, the family is reunified quicker. In 2011, 20 individuals were accepted to the program. Seven successfully completed. Currently there are 13 participants.

CLERK SERVICES OVERVIEW

The role of the Clerk Services Unit is to aid the Magistrates and Judges in the courtrooms, aid the Support Services Unit, the Probation Department, outside agencies, and the public in processing the paperwork on new and existing cases. The objective of the Clerk Services Unit is to process all filings and paperwork in an effective and timely manner to ensure that all the Juvenile Court's operations are efficient. In addition, the Deputy Clerks are responsible for the scheduling of official cases before the Judges and the Magistrates, and the monitoring of payments for court costs, fines, restitution, and drug screens.

During 2011 the Juvenile Clerk's Office processed a total of 6,745 cases which resulted in an additional 12,132 filings of motions, objections and/or violations for a total of 18,877 filings. In response to those filings, Juvenile Court held 31,228 hearings this past year. Ohio Rules of Juvenile Procedure 15, 16, and 17 require the clerk's office, when requested, to issue service for the parties to ensure they are notified of their upcoming court hearing. In the 2011 calendar year, the clerk's office issued 38,154 service documents which include: summons, subpoenas, notice of hearing, and publication. The clerk's office also processed 2,803 warrants.

INFORMATION SERVICES OVERVIEW

In 2011, Butler County Juvenile Court Information Services supported the full and part time staff of the Juvenile Court, Juvenile Detention Center and Juvenile Rehabilitation Center. Daily operations included necessary server maintenance, the processing of the tape backups and monitoring the availability of all electronic Court information. Information Services continued creating standard and ad hoc statistical reports for use by the Court for decision making and planning.

The Juvenile Court Information Services Department continued to be responsible for ordering and maintaining all of the personal computers, printers, scanners and servers used at the Juvenile Justice Center. In 2011, the maintenance of existing computer equipment continued to be a high priority with the growing need to extend the useful life of current PC's as every department faced limited budgets once again. Additional emphasis was placed on in house repairs and upgrades to prolong the life of existing equipment.

The Court continued to utilize the Kronos Timekeeping System. This system managed the collection and distribution of employee hours in every area of the Juvenile Justice Center. The system captured arrival times and departure times, transfers from one department to another, and changes in shift or pay categories for all staff members.

ON BEHALF OF THE JUVENILE JUSTICE CENTER

We would like to express our appreciation to law enforcement agencies, other county departments, schools, and various community organizations for their continued support in our efforts to provide meaningful service to the community.
